

**To,  
The MSSO  
Safdarjung Hospital  
New Delhi.**

**Subject: Proposal to support destitute & poor patients in Orthopedic Ward of Safdarjung Hospital**

Dear Ma'am,

This is with reference to the meeting held on 04 June 2018 with the Medical Superintendent of Safdarjung Hospital.

NGO SAPNA is desirous to take care of unknown, destitute and very poor patients (BPL & Non BPL) admitted in Orthopaedic Wards ( 27, 28 & 29) of Safdarjung Hospital. Two Social Workers (Poonam and Anil) will be placed in the Wards from 9 AM to 3 PM( Monday to Saturday). We propose to provide assistance in the form of:

- Facilitation of treatment(Interface between doctors and patients);
- Support in Surgical Implants to cover for any shortfall;
- Provide medicines not provided by the Hospital;
- Arrange for blood if required for surgery;
- Provide Aids and Appliances (such as Wheelchair, Walker, Commode Chair, Brace, Air Mattress, etc) prescribed by the treating doctor;
- Support in Diagnostics not catered for by the hospital;
- Any other service asked for by the treating doctor.

Besides, SAPNA will focus not just on the treatment of the patient but also on the rehabilitation aspect. We would carry out rehabilitation of patients in the numerous rehab centres in Delhi NCR or at our short stay home in Noida or Old Age Home in Alwar (Rajasthan). We shall be using our Ambulance for the transportation of patients to the Rehab Centres.

It is pertinent to mention here that all the above assistance/services would be provided complementary to the best of our ability.

The profile of the organisation is enclosed for information. To know more about us please reach out to our website "[sapnaindia.org](http://sapnaindia.org)".
