Position: Pramukh Sewak, Sapna Shikshalaya

Type: English medium school

Location: Vijay Mandir (10 km milestone on Behror road), Alwar, Rajasthan

Type: Full-time

About us:

Sapna Shikshalaya is not just a school — it is a movement for changing lives and “realizing a dream.” Born out of the vision to **educate underprivileged girls and empower communities through education**, our school strives to create not only academically capable students but also compassionate, disciplined, and responsible human beings.

We believe that **true education goes beyond textbooks**. We are inspired by Gandhian ideals, and believe in **sewa (selfless service), discipline, hygiene and cleanliness, healthy nutrition, dignity of labor (shramdan), respect for elders and care for the environment**.

Our girls come from villages and our team regularly visits students’ homes, engages with their families, and builds deep connections with realities. We work with both head and heart, understanding the socio-economic barriers that these young girls face and walk alongside them with empathy and resolve.

What we’re looking for:

We are looking for a **visionary** who shares our belief that **girls' education is the most powerful tool to transform any community**.

Someone who:

- Sees leadership not as authority, but as service (sewa).
- Can inspire teachers and students through personal example.
- Can build strong relationships with students’ families and communities.
- Is willing to face and overcome ground-level challenges with courage and creativity.
- Believes in a **value-based, holistic model of education** over rote learning.
- Can advance our mission with humility, discipline, and compassion.

Eligibility & Expectations:

- Some experience in teaching or school leadership. Experience in rural or low-income school settings is desirable.
- Strong commitment to **girls’ education and grassroots transformation**.
- Fluency in both English & Hindi.

What we can offer:

- A meaningful leadership role in a purpose-driven school.

- An opportunity to directly impact lives of hundreds of young underprivileged girls.
- A supportive environment driven by values and community engagement.
- Modest remuneration.
- A school which is more of a family.

If you believe education is a mission, not just a profession — we invite you to walk this path with us.
